

Virginia Area District # 17

DR Report – Spring 2019

DR = Jenks Hobson – jenks333@mac.com

Our first most exciting accomplishment has been the establishment of a new and successful meeting. This is a women's meeting, 'Courage to be me' offered at 5:30 pm on Thursdays in Warrenton.

A close 'second' in excitement was the offering to our district and others nearby of a workshop held in March of 2019. It was a mixture of speakers and breakout sessions on self care. It attracted an SRO crowd! We are planning to do it again and hopefully start on annual tradition.

A small project has been to use the district funds to make sure that even our smallest meeting has the necessary newcomer material.

As the new DR I am meeting with the GRs some of whom are also new. We meet quarterly to share successes and needs and to plan for the future.
