

Virginia Area Public Outreach Report Spring 2019 Assembly

For Panel 59, the Area Public Outreach will focus on diversity.

The Northern Virginia Service Center and the Area have been working on getting price quotes to have translation equipment available for any of the Groups, District or Area to use at meetings, especially workshops, Assembly and the Convention. Scott S. in the Northern Virginia Service Center has been getting price quotes and finding the best equipment for our needs. Thank you Scott!

The Area has created a bilingual English/Spanish 2020 calendar using quotations from Conference Approved Literature (CAL). Samples will be available during Spring 2019 Assembly. If you are interested in purchasing a calendar, please sign up at the Public Outreach table. The cost is expected to be no more than \$7.00 each. The calendars will be available for sale at the August 2019 Convention and at Fall 2019 Assembly. The calendars are a great way to reach out to the doctors that you adopted during Panel 56, make great gifts for your Sponsor and Sponsees, and for friends and family members affected by the disease of alcoholism.

Respectfully submitted,

Valerie P.
Area Public Outreach Officer
Panel 59
