

## **VA AAPP Report**

**Date of Assembly or VAWSC Meeting:**      **Fall 2021**

**Area Coordinator:**      **Stacy Lewis**

**Name and Email:**      **stacylee31@gmail.com**

### **Informational Items:**

Updates since last meeting

- 6 new AMIAS have been trained and certified since Spring 2021 Assembly
- 2 AMIAS trainings have been held – Richmond North and Hampton Roads
- Only 3 recertifications and 1 new AMIAS attended the latest workshop in September that was held for the Hampton Roads AMIAS (and anyone else)
- 2 additional AMIAS workshops are scheduled for November – Charlottesville and Northern Virginia. The dates and locations are being finalized as of this report. Please check the Area website calendar for the current information.
- ALL AMIAS should be recertified ASAP. Please make all active AMIAS in your District aware that recertification is necessary as per our guidelines. All AMIAS must be recertified every 3 years. However, due to Covid, no recertifications took place for 1 ½ years. Now is the time to attend a workshop.
- 1 online recertification meeting is being considered for December. However, if AMIAS can attend one of the upcoming in-person sessions that is preferable so we can share our experience, strength and hope with new AMIAS.

Thank you,

Stacy
