

DR report for the Piedmont District - #17 for Fall Assembly 2021:

We were only 7 meetings pre CoVid, and 6 have survived which is awesome! While that survival was largely based on online meeting formats of various kinds, most have returned to in person meetings, or at least hybrid. While attendance seems smaller than pre CoVid, they seem strong in spirit and slowly attracting more folks in need. As district we have tried to meet quarterly, on Zoom. All GRs have been reminded of the Area Assembly and the importance of participation.
