

## **Central Valley District Fall 2021 Report**

The CVD is being negatively impacted by COVID. Waynesboro, Verona, Fishersville and Harrisonburg are meeting live. Staunton is primarily virtual. District meetings are being held virtually with some success. The CVD is looking for a volunteer to become our DR.

The District had hoped to hold a picnic in late summer; however, the strong resurgence of the delta variant, especially in the Staunton, Augusta, and Waynesboro are precluded moving forward with this event. We were really looking forward to this event to re-energize the membership. We hope to have picnic in the spring if the COVID situation allows.

Reports from the groups that are live suggest that attendance is average to above average. Staunton Discovering Choices' virtual meetings are getting participants from out of state.
