

DR Report District 14

Norfolk had 12 meetings, 7 of which remain active and one Alateen group. Three meetings have not met during the pandemic and one decided to inactivate in September. Our Alateen meeting does not meet regularly, they say they are ZOOMED OUT! We tried a couple of different activities during the meeting but did not get attendance. If they text us and say they want to meet, we meet. The 7 active meetings are still in the virtual world. They are healthy and, in many cases, attracting more members and members from other localities. Our meetings do attract some newcomers who stay and get sponsors, work the steps and get involved in service. Our groups are financially supporting our district. And we are prepared to assist meetings with returning. Our district meets monthly and has between 7-10 attendees. We had a fun December celebration meeting - we made it through the year and we played and smiled and laughed. We had two well-attended speaker meetings at our beginners meeting. We have two new GRs that started during the pandemic and we are grateful for them and I think it signals vitality, health and growth of our district.
