

Richmond North District 20

We have had challenging times since our last Assembly. Our District GRs have done a wonderful job keeping their meetings going! Most are still virtual, but we also have some hybrid as well as in person ones as well.

Many of our members have taken this opportunity to join virtual meeting in other states and even in other countries. This is a silver lining in Covid times.

Instead of having a workshop in 2020, we chose to have speaker meetings. We had 6 speaker meetings and had great attendance.

We have decided to have our District Meetings every other month until we can meet again in person. That way we can go back to eating and meeting at the same time:)
