

Transforming Electronic Groups to AFGs
Virginia Area Policy: Proposed Revision 1
VAWSC Meeting
March 4, 2023

This motion was approved by the VAWSC: (date)

Motion:

Made by: Area Chair Debbie Polston

Second by:

The Virginia Area Officers recommend that the VAWSC approve the proposed revisions to the Virginia Area Transforming Electronic Groups to AFGs Policy and send it to the 2023 Spring Assembly for approval in May 2023.

Version History

- Original: Transforming Electronic Groups to AFGs Policy, approved at Spring Assembly, May 15, 2022
- Proposed Revision 1: presented at the Officers Meeting, January 14, 2023, and unanimously approved

Background:

- The Area officers reviewed the Policy and consulted with the Area Group Records Coordinator regarding current WSO procedures for registering and managing electronic groups
- Verbiage has been updated to reflect current WSO and Area procedures, and Section 4 has been added to the Policy regarding newly registered electronic meetings, which were not included in the original policy
- No processes regarding how this policy will be affected were addressed in the original policy; the Area Officers reviewed the policy in detail to determine what roles the Area Chair, Area Delegate and Area Secretary should have in this policy
- The Area Officers propose these changes to the policy while acknowledging that procedures at WSO regarding electronic groups will continue to evolve and this Policy will likely have to be revised again in the future
