

District # 17 – Piedmont – Annual Report

The Piedmont Dist.#17 is active and thriving. We are seven groups strong with our newest group in Culpeper. My observation of four out of seven groups determined that they have instituted the “Back to Basics” attitude to strengthen group participation and presentation of the principles of our Fellowship. In general, Service among members remains challenging for all groups. However, it is a slow but, consistent recuperation for most. Participation is our key to Harmony.

Respectfully Submitted.

Janice G.
