

Commonalities of Wildly Successful Groups

This was first presented by Brook S., then the Alternate Delegate at an Area Assembly in 2012. Brook looked at the 'Groups at Work' section of the Service Manual and listed what that section suggested for groups to follow in their meetings. He then found 2 groups in his area that had started within the previous 2 years, had grown in membership, and were retaining newcomers, that is, 'successful groups.' He found that these groups had the following practices in common. Later, he looked for the same kind of groups outside his original area and found the same pattern. After he presented his findings, he received feedback from GRs that took these practices back to their groups and implemented them. They found that their groups started growing. Over time there have been small revisions and additions to the original.

Find page numbers in your service manual.

1. The Groups follow the suggested meeting format ().
2. They welcome Newcomers ().
3. They mention Sponsorship as part of the readings ().
4. They conduct Business Meetings and/or Group Conscience Meetings ().
5. They are located next to a successful AA meeting. ().
