Discussed activities and suggestions received from 2023 MEAC attendees

The April 7 meeting assessed, discussed and voted on reducing the MEAC registration fee from \$100 to \$35 per person Early Bird. Goal is to make participation financially accessible to more teens and AMIAS. Feasibility report was submitted showing expenses could be met with \$35 fee and current MEAC account balance. MEAC By-laws state a \$2000 balance be maintained to cover next season expenses. Fliers have been circulated requesting Group and District financial support so the same fees can be offered for the 2025 participants. MEAC is a valuable experience for our Alanon/Alateen members. Your contributions are most appreciated.
