## Informational Items:

Updates since last meeting

Since last Assembly, meeting, I have sent out monthly e-mail "newsletters" to each DR giving them the info from AFG connects that I receive (public outreach materials etc.) Please let me know if you haven't been receiving these newsletter e-mails. I have met with several public outreach coordinators to brainstorm ideas and get some public outreach programs started. I have spoken at multiple district meetings for the purpose of informing and helping with public outreach ideas. A rehab center has reached out to me wanting an Al-Anon meeting to be held there, but I have not been able to find someone willing to take a regular meeting to them yet. I have been given info by WSO of two professional contacts for Al-Anon/Alateen public Outreach cooperation. They are both recovery centers. I am reaching out to them to see if/how we can help them.

I've enjoyed getting meet and talk with so many people and districts!

- Important action items to do or accomplished—The two main action items are the facility that is looking for a meeting to be held there, and the 2 professional contacts for public outreach cooperation.
