Meetings in the district: 7

Face to face: 2

Hybrid: 2

Virtual only: 3

Projects:

Create a flyer for all meetings in the District, to hopefully, improve attendance. In validating all meeting information is correct on the Area website and NVSC, several errors (wrong meeting ids, passwords, virtual meetings listed as in person, etc.) were found and are being addressed.

Successes:

1. District meetings now include “GR spotlight” that began at our last district meeting on August 16th. This was well received.
2. We began a district newsletter that is sent out every other month, opposite the district meeting. This is so the GRs aren’t inundated with emails. This was very well received.
3. Renewed study of the Concepts, a practice that started with Sophie, our previous DR, and Laura Lovern, our Delegate, talked to us about Concept 2 on August 16th.
4. New meeting on Tuesday at noon, Daily Readers, got its WSO number.

Challenges:

1. Still have 1 meeting that has no GR, with no one stepping up to fill the position.

Goals:

1. Get a GR for the above meeting. I’m not sure how to do it.
