

VA Area Coordinator's Report

Date of Assembly or VAWSC Meeting: 10.17.2026

Area Coordinator: Alateen

Name and Email: Jill Sansing, Alateen@vaalanon.org

Informational Items:

1. Alateen Safety and Behavioral Requirements (ASBR):
Work continues on the ASBR. A preliminary legal review has taken place. In addition, the Area DRs were asked to have their groups review the document. Their comments were sent to Deb T., Ava B., and myself. We met to discuss both the lawyers' recommendations and address the concerns from the groups. We will meet again for further discussions.

Deb, Ava and I have committed to staying with this project, as it will most likely go into the next panel. We have the deepest knowledge of the guidelines and will move forward as needed.
2. The dates have been set for AMIAS training/recertification in 2027. They are as follows:
January 10, 2027
February 21, 2027
March 7, 2027
April 4th, 2027
May 2, 2027
3. I am revamping the AMIAS training to include a stronger emphasis on safety. This was recommended by both the lawyer and group members. This will increase the time of the training.
4. WSO is holding another meeting with Coordinators and AAPPs on October 19th to continue discussing electronic Alateen meetings. I'll attend. Don't forget we have 18 months to make a decision on this.
