Area Coordinator: NVSC

Informational Items:

Updates since last meeting

- **Actions taken**— We realized that 2 meetings each of the Steering Committee and General services committee per year will not be enough to affectively manage the service center. (Last year there were complaints that we met too often.) So we will need to schedule an extra meeting of both committees this summer. Also, we learned that very few GR's are getting the info for the General Services committee meetings, so I've sent an e-mail requesting contact info for the Group Reps so I can send it directly to them in the future.
- **Meetings held** --We had a steering committee meeting in March, general services committee meeting in April and 4 officer meetings from January to April.
- **Outcomes, struggles, successes**—We are struggling with people willing to help with various activities and Task forces. We have 2 task forces currently needed to meet but we have no one willing to be on the task forces (One task force for the Gratitude lunch and one task force for the reviewing, updating and revising of by-laws and job descriptions.) We were not able to present the 2026 budget in 2025 as the by-laws require, so we had to get the budget approved in April at the General Services Committee meeting. (We will be getting the 2027 budget made up earlier—in Sept/Oct this year.)
- **Important action items to do or accomplished**--We need to plan for the gratitude lunch, decide if we are going to do the parking lot party, fill the task forces. Also, the CD with the reserve money will come due in August so we will need to decide what to do with that money and where to put it before that time. We will also be discussing the future of the service center starting in

2028 (we need a new officer panel by Nov 2027. If we don't have that, we need to consider other options.)
