Updates since last meeting:

- Events or projects the District has completed since last meeting

N/A

- Events or projects the District is planning

Nothing at this time.

- Successes –

- Our Nassawadox Meeting has been able to set aside a little bit of money for a 'library' for purchase as well as some funds for the District so we can hopefully be able to attend an Assembly in the future.

- Challenges

- Outreach is a challenge as with many other groups. Volume in our area very low. Difficult to connect with other wellness groups.
- Getting others to chair at our meeting is difficult. It is me and one other woman who attend and sometimes a 3rd or 4th person, therefore we carry a lot

of the weight of having to show up. If one of us has a health issue it has become a lot for the other.

- Goals
 - At some point a District gathering would be nice.
 - A Meeting in Cape Charles would be beneficial due to density.
- Things that are working well
 - Our site location at the Nassawadox meeting – they continue to be consistent.
 - Communication between the two existing meetings and overlap is nice.
- Things that need attention: It would be helpful to have a small contribution or help for DRs to attend Assembly without paying themselves. Our two meetings in the whole district currently only have about \$25 set aside for District related things and are still saving. It is not enough to send someone physically, but even the virtual cannot be attended unless paid for by the DR. It excludes us from some of the paths of service.
