Informational Items:

1. ASBR and electronic Alateen meetings

Work continues on the ASBR (Alateen Safety and Behavioral Guidelines). Meetings were held with Amanda, the Area chair and Laura Lovern, Delegate, with additional information coming from WSO so some items needed to be changed. The guidelines are now being reviewed by a lawyer, as required.

WSO is holding meetings with Coordinators to discuss electronic meeting implementation. I'll go on August 15th. It's a 3-hour meeting!! More will be revealed.

Deb, Ava and I have committed to staying with this project, even if goes to the next panel. We have the deepest knowledge of the guidelines and will move forward as needed.

2. An AMIAS chat is being held on Zoom August 2nd.
3. The new Arlington Alateen is still struggling to get established but the 2 sponsors attending are deeply committed to the meeting. New Alateen meetings take a long time to get going.
